## What Our Students Have to Say

“Central Catholic’s difference is that we can talk about, act out, and live out our faith on a daily basis. This is important to me because I have the opportunity to get closer to God every day that I am here.”

-Alyssa Olson, Class of 2016

“Central Catholic's difference really is our strength. I value our school's family-like atmosphere and appreciate all of the time and effort that teachers, faculty, and staff put in to make our high school experience unforgettable.”

-Rook Paul, Class of 2015

“We are able to have diversity as students but we are still brought together as one family to help each other learn and support each other in hard times. This is important to me because it is nice to have this kind of support. Someone is always there for you.”

-Claire Boe, Class of 2016

“We are united and strengthened by our faith in God. It is important to me because it creates an atmosphere in the school that’s friendly, welcoming, and faith-filled.

I love being able to share my faith with my friends!”

-Jack Costigan, Class of 2016

“There is no other High School that can teach me the Catholic faith. Central offers a safe environment for me to grow in body, mind, and soul. Through religion class I grow in the faith, through my tough classes I grow in mind, and through my sports and clubs I develop aspects of leadership and humility.

Joe Bevilacqua, Class of 2015

“At Central you are allowed to show how much you love God. Everyone here is a family and that is different. You know everyone in the school and have a relationship with all of them.”

-Grant Glowacki, Class of 2015

“Central Catholic is a really great school where you can be yourself and make friends easily. You’ll always feel welcome here!”

-Lexi Davis, Class of 2016
